

EXAMINATION COMPETENCY FORM

NAME: _____

CLINICAL SITE: _____ QUARTER: _____ EXAM : _____ EXAM #: _____ SIMULATED Y N Over 6 years old 6 and under

INSTRUCTIONS: Students must perform each skill as indicated with complete accuracy in order to receive the points possible in a given category. If any item in Mandatory Skills is incorrectly completed, the student receives a NP (NO PASS). A minimum of 84% or 21 points is required for each Competency Examination. Unsuccessful attempts at proficiency are to be repeated for a minimum of 21 points. Any deficiency resulting in the need for a repeat radiograph will be scored as a No Pass under Mandatory skills. This form must be completed on all comp attempts, and failures must be given to the Clinical Instructor by the Technologist. Pre-tests must be completed during the 1st & 2nd quarter. All areas of competency must be completed by the student to get a passing score.

MANDATORY SKILLS (P or NP)
